## New Volcano Is Belching Smoke in Region of Spezia

Attributed to Earthquake By Scientists; Minor Shocks  
Felt In Devastated Zone North of Florence Indicate  
Disturbance Subsiding.

Rome, Sept. 10.—A volcanic crater has suddenly opened at the top of Pizzo d'Uccello, a mountain 5,845 feet high about nine miles northeast of Spezia. It is located on what appears to be the north-west corner of the district shaken Tuesday by the earthquake. A telegram from Spezia states the crater is emitting smoke and sulphur fumes, and that scientists there attribute the volcanic outbreak to the earthquake.

### Phenomena Dying Down.

Florence, Italy, Sept. 10.—Minor earthquake shocks which have been felt since the disastrous shocks of Tuesday morning in the devastated zone north of this city indicate the disturbance is subsiding, according to Father Alfani, director of the observatory here.

### Fivizzano Demolished

Fivizzano, Italy, Sept. 8.—(Courier to Florence by Associated Press).—This city presents a strange appearance with ripped houses, pavements piled on each other and a mixture of broken furniture, smashed glass and household treasures as a result of Tuesday's earthquake. The arcade of the municipal buildings is standing although the edifice above collapsed. No vestige of road remains.

"The shocks in the present case," he declared, "are to be considered as good signs as indicating that no serious recurrence of the earthquake may be expected."

## B.C. Prohibition Vote To Fix Liquor Policy Set for October 20

Wednesday, October 20, is the date of the prohibition plebiscite in British Columbia.

This date was decided on and announced this afternoon by the Provincial Government.

"Any previous statements suggesting dates were made without authority from any member of the Government," said Premier Oliver in making the announcement. "There have not even been any dates suggested."

"A clause in the Act governing this passed at the last session of the Legislature says that the prohibition plebiscite shall not be sooner than August 15. In deciding on October 20 we have over-run the time set in the Act by two months and five days."

Questions To Be Answered.  
In this the people of British Columbia will be called on to answer this question on their ballot papers: "Which do you prefer?"

"1. The present Prohibition Act? 2. An Act to provide for Government Control and Sale in Sealed Packages of Spirituous and Malt Liquors?"

The choice of the voter is to be indicated by the marking of an "X" opposite the one preferred. Provincial voters list, completed recently, will have the right to vote on this plebiscite. There are more than 262,000 voters on this list.

**Keeping Pledge.**  
The taking of this prohibition plebiscite is in keeping with the statements of Premier Oliver when the Prohibition Act was passed in August, 1917. He then announced that the people of the Province would be given the opportunity of reviewing and passing on prohibition after it had been given a try-out and the soldiers had all returned home. "The result of this vote will make it necessary to prepare further legislation," said the Premier. "We have to have the vote taken now so that there will be ample time to prepare this necessary legislation for the next session of the Legislature to carry out the will of the people as expressed at the polls."

**Dominion Referenda Later.**  
The prohibition referenda that are to be taken in Alberta, Saskatchewan, Manitoba and Nova Scotia on October 25 are under the Dominion Government and are quite different from the British Columbia vote. The question in these other Provinces is whether the voter is in favor of the importation of liquor into the Province. This will make it possible for Provinces that want bone-dry legislation to have it.

In British Columbia no Dominion vote will be taken until it is settled whether prohibition is endorsed by the people. If prohibition is endorsed by the Province will apply to the Dominion Government to take a plebiscite to prohibit the importation of liquor into this Province.

## Fifty Cent Raise In Coal Probable At Calgary Shortly

Calgary, Sept. 10.—An increase in the price of domestic coal from the Drumheller field from the present price of \$10.50 to \$11 a ton is being considered by Calgary coal dealers, and a definite decision as to the future price will be made at a meeting of the Calgary Coal Association to be delivered next Thursday. Of the total increase 20 cents will be accounted for by the advance in coal freight rates and the remainder by an advance in overhead charges, principally owing to the higher cost of labor.

## REVENUE BOOSTED BY LUXURY TAXES

Inland Revenue Receipts For  
Five Months Ending August  
\$20,885,859

Other Sources of Revenue  
Help to Replenish the  
Federal Treasury

Ottawa, Sept. 10.—(Canadian Press).—Receipts from inland revenue, as a result of luxury and other special taxes imposed have taken a big leap forward. For the five months ending with the end of August, receipts from inland revenue were \$20,885,859; during the corresponding months of 1919 they were \$17,778,401. For the month of August alone, inland revenue receipts were \$3,987,114; in August, 1919, \$1,688,840. The figures appear in the monthly statement issued by the Department of Finance to-day. For the first time, the statement gives details both of ordinary revenue and ordinary expenditures for the five months ending August 31, ordinary revenue and ordinary expenditure compare as follows:

Ordinary revenue, 1920, \$183,527,579; for 1919, \$132,356,719. Ordinary expenditure, 1920, \$135,675,321; for 1919, \$97,579,339. In explanation of the heavy increase in ordinary expenditure, it is explained that this year's figures include the first interest payment on the last Victory Loan.

Revenue from income tax during the month of August was \$7,451,647, compared with \$1,383,849 in August, 1919, from business profits tax, \$2,315,346 in comparison with \$5,429,161 collected from business profits in August, 1919.

The main items making up ordinary expenditure for the five months ended August 31, compared with the corresponding months of 1919, are:

Interest public debt, 1920, \$53,766,578; 1919, \$43,745,795. Agriculture, 1920, \$1,336,312; 1919, \$360,165. Pensions, 1920, \$9,534,323; 1919, \$6,922,190. Public works consolidated funds, 1920, \$2,397,387; 1919, \$1,741,836. Dominion lands, 1920, \$5,912,971; 1919, \$6,488,835. Dominion lands, 1920, \$1,411,419; 1919, \$1,014,343.

## First Continental Postal Aeroplane Arrives at Reno

San Francisco, Sept. 10.—Carrying 700 pounds of mail the first trans-continental postal aeroplane to leave San Francisco cleared from the Marina field at 6:15 a. m. to-day, fifteen minutes before it was scheduled to start. Raymond J. Little was the pilot.

The postoffice authorities were advised that the mail aeroplane had arrived at Reno at 8:05 o'clock, two hours after starting from here. It was to be taken out of Reno by Lieut. J. Sharpnack.

## Special Aeroplane Brings Stereotyping Material For This Issue of Times

The strike of the Victoria Gas Company's employees occasioning a serious tie-up in the stereotyping plant of The Victoria Daily Times, it was found necessary for the completion of to-day's issue of the paper to secure what is known as "dry molds," the use of which eliminates the gas process customarily in use. As the pressure of the gas is only sufficient to run one machine, where it formerly operated five, the dry molds are used extensively in the afternoon's issue of this paper.

## ASK OPERATION OF RATES BE DEFERRED

Manitoba, and Possibly Saskatchewan, to Appeal  
Decision

Winnipeg, Sept. 10.—Manitoba has taken definite action in the protest against the increased freight rates. After hearing expressions from all sections of the community against the award of the Railway Commission, the Provincial Government and the Winnipeg Board of Trade have decided to appeal jointly against the increase. This morning Premier T. C. Norris wired Premier McGeen asking that the operation of the increased freight charges be deferred until after the hearing of the appeal. The Manitoba Premier asked that a reply be sent immediately.

H. J. Symington, counsel for the Province of Manitoba, will conduct the appeal.

Saskatchewan.  
Regina, Sept. 10.—The Provincial Government has under consideration the matter of an appeal against the freight rate decision. No action is to be taken until the arrival in Regina of Premier Martin, who is now on his way from the East.

PAYMENT SETTLES  
MENACE TO SOUTH  
AMERICAN PEACE

Buenos Ayres, Sept. 10.—Final settlement of the Tacna-Arica question, which has been considered the most serious menace to South American peace, through the payment by Chile to Peru of \$4,000,000 has been virtually agreed upon, according to a dispatch to-day to La Nación from Santiago quoting financial and diplomatic sources.

The message declares that after the Bolivian revolution, which resulted in mobilisation of the armies of Chile and Peru and threatened hostilities between the two countries, President Wilson suggested a conference of representatives of both Nations, offering the use of the gunboat Tacoma, which was in the Bay of Callao for conducting of negotiations.

As a result of conferences, agreed the dispatch, it is reported, Peru agreed to renounce her rights to the provinces of Tacna and Arica, annulling the existing treaties affecting those provinces, upon receipt of the sum mentioned, and enter into a reciprocal commercial treaty with Chile.

MISSING SECRETARY  
OF AMBROSE SMALL  
BELIEVED IN EUROPE

Toronto, Sept. 10.—John Doughty, the missing private secretary of Ambrose J. Small, the wealthy theatre owner who disappeared from this city on December 2 last, is believed to be in Europe and 8,000 circulars which are now being printed in English, French, Italian and Spanish, offering \$15,000 reward for his arrest, state that he is charged with theft as well as kidnapping.

BRITISH INDIAN  
TROOPS FROM ISMID  
TO MESOPOTAMIA

Constantinople, Sept. 10.—British Indian troops which have formed the garrison but who have been relieved by Greek forces, are leaving for Mesopotamia, where Arab tribesmen are engaged in scattered outbreaks against the British.

TREMORS IN CALIFORNIA  
Riverside, Cal., Sept. 10.—An earthquake shock was felt here this morning about 6:15. It was of sufficient violence to awaken sleepers, and many persons fled into the open as the tremors subsided. No damage was reported. There was only one shock, which lasted about thirty seconds.

## Rates Protested, But No Formal Applications Filed

Ottawa, Sept. 10.—(Canadian Press).—No formal applications have yet been filed for appeal to the Privy Council against the recent order of the Railway Commission increasing railway passenger and freight rates. A number of communications protesting against the increase are to hand. They indicate an intention to appeal, but do not constitute formal applications.

## PROCLAIMS FIUME INDEPENDENT STATE GABRIELE D'ANNUNZIO

Paris, Sept. 10.—(Associated Press).—The French Foreign Office was informed this evening by the Associated Press of Gabriele d'Annunzio's remark to the effect that he had heard private news from Paris which caused him to proclaim the independence of Fiume to-day, instead of September 12. It was said that the news certainly did not come from the Foreign Office, and the opinion was advanced there that d'Annunzio was under the impression that the fate of Fiume would be settled at the meeting of M. Millerand and Signor Giolitti, respectively the French and Italian Premiers at Aix les Bains, Sunday, September 12, and that he desired to place both Premiers before an accomplished fact.

A Foreign Office official said the Premiers would discuss the Fiume question.

## TARIFF COMMISSION COMING TO COAST

Dr. Tolmie Expected to Join  
Board on Its Arrival at  
Vancouver

Ottawa, Sept. 10.—(Canadian Press).—Sir Henry Drayton, Minister of Finance, and Senator Robertson, Minister of Labor, will alone hear evidence submitted at the first two hearings of the Tariff Commission, in Winnipeg and Medicine Hat. Hon. J. A. Calder, President of the Privy Council, the other member of the committee, will not be back from England until toward the latter part of the month and it was intended that Dr. Tolmie, Minister of Agriculture, would take his place. Dr. Tolmie, who is on the Pacific Coast, has, however, been taken ill and is not expected to join the Commission before its arrival in Vancouver.

The first meeting of the Commission will then proceed direct to Medicine Hat, where the second meeting will be held at 2:30 p. m. on Sept. 17. Then the Commission will go to Vancouver for the third meeting, to be held at 10 a. m. on Sept. 20.

## LORD DERBY ASKED TO BE RELIEVED

Late Ambassador to France  
Denies Disagreement With  
Government

Paris, Sept. 10.—Reports that the resignation of the Earl of Derby as British Ambassador to France was caused by a disagreement with the British Government over the policy to be followed in Russia were denied by the retiring Ambassador last night. He declared to the Associated Press that last Spring he had received a message from the British Government that he was to be relieved, owing to his desire to resume his activities in England.

Asked whether he would resume his political work, he said he preferred a phrase used by H. H. Asquith: "Wait and see."

## CRUISER PITTSBURGH ASHORE IN BALTIC IS SHIPPING WATER

Washington, Sept. 10.—The armoured cruiser Pittsburgh, grounded in the Baltic Sea, three miles off the Courland port of Libau, is in no immediate danger, although several sections of her double bottom are flooded with water, the Navy Department was advised to-day in a dispatch from Vice-Admiral Huse, on board the Pittsburgh.

## TIME TO PUT STOP TO CORRUPTION IS STATEMENT OF COX

Spokane, Sept. 10.—Governor Cox of Ohio, Democratic nominee for the presidency, discussing denials of campaign fund charges by Republican National Chairman Will H. King, declared in a speech to fraternal voters at the Union Station here to-day that "it is time, in order to put a stop to corruption, to send somebody to the penitentiary."

## TO OUR READERS

Owing to the gas workers' strike the mechanical department of The Times to-day was operating under great difficulty, preventing the issue of the paper at the usual time. We ask the indulgence of our readers, at the same time assuring them that every effort is being made to overcome the difficulties, for which, of course, this paper is in no way responsible.

## D'Annunzian Troops Swear Fealty to New Republic, Is Report

Fiery Gabriele Summons Constituent Assembly To  
Meet In Six Weeks, Says Milan Dispatch; Allied  
Premiers to Discuss Fiume Question.

London, Sept. 10.—Captain Gabriele d'Annunzio, who yesterday proclaimed "the Italian Republic Quarnero," has summoned a Constituent Assembly to meet in six weeks, says a Milan dispatch to The London Times. The d'Annunzian troops have taken the oath of fealty to the new republic, it is said.

French Statement.

Paris, Sept. 10.—(Associated Press).—The French Foreign Office was informed this evening by the Associated Press of Gabriele d'Annunzio's remark to the effect that he had heard private news from Paris which caused him to proclaim the independence of Fiume to-day, instead of September 12. It was said that the news certainly did not come from the Foreign Office, and the opinion was advanced there that d'Annunzio was under the impression that the fate of Fiume would be settled at the meeting of M. ## "Herald" Labor Organ Admits Possession Of Bolshevik Gold

London, Sept. 10.—Admission was made this morning by The Herald, organ of Labor, that it has in its possession £75,000 of "Bolshevik gold." The newspaper states the money is being held, pending a decision by the shareholders, as to whether it should be used. The opinion of readers as to the acceptance of the money is asked by the newspaper, which publishes the admission on its first page under glaring headlines. Last month charges that the Russian Soviet Government was subsidizing newspapers in other countries for the purpose of carrying on propaganda were published here, and The Herald was named as one journal which had received money from the Bolsheviks.

"The newspaper refers to the Soviet funds as a 'magnificent demonstration of real working class solidarity and what Russians mean by internationalism.' 'To accept it,' says The Herald, 'will be to complete a notable episode in international socialism. The increasing cost of production and the political shyness of advertisers make it necessary for us at once to double the price of this paper if this money is not accepted.'"

## STATE INSURANCE SCHEME IN FAVOR

Large Percentage of Returned  
Men Applying For  
Protection

Ottawa, Sept. 10.—Though the scheme has only been in operation since the first of the present month, there is every indication that the State Insurance Scheme launched by the Federal Government, is going to be well taken up by returned men and particularly those whose state of health, since returning from the front, is such that they are unable to secure protection with the line companies. Requests for information have been received from men in all parts of the country and a plentiful supply of explanatory booklets and literature has been sent broadcast. The provincial organizations of the returned men have all been supplied with particulars as to the scheme, and 12,000 application forms have already been forwarded from Ottawa to various parts of the country.

## NO GREAT ALARM OVER British Coal Crisis

London, Sept. 10.—(Canadian Associated Press).—The public still declines to become alarmed over the coal position. None of the newspaper comment is unduly bitter or pessimistic. Within a few hours of the close of yesterday's conference between the Board of Trade President and the miners' leaders, a verbatim report of the conference was issued to the press from the Government, which seems to show that the Government thinks its own case has nothing to lose by the fullest publicity.

## Good Tacticians.

The miners, who are good tacticians, also departed straightway for Portsmouth to resume attendance on the Trades Union Congress. Newspaper reports from Portsmouth this morning indicate that while no official statement is yet forthcoming there is no reason yet to think that the contending parties have reached their final word.

One correspondent remarks: "With the knowledge that they can bring the coal industry to a standstill within a fortnight, the miners' leaders would be more than human if they displayed any undue precipitancy in accepting something less than the original demand."

## RENDERED HOMELESS.

Montreal, Sept. 10.—Thirteen families were rendered homeless and 24 workers thrown out of employment by a fire, estimated to have caused over \$200,000 damage, which destroyed the Allen Glove Manufacturing Company's plant and thirteen dwellings on Frontenac Street yesterday.

## WHY NOT THE C. P. R.?

Our morning contemporary suggests that the City Engineer should be sent to Montreal with the necessary authority to approve any technical changes that the Canadian Pacific Railway Company's bridge engineer might consider necessary before the plans for the Johnson Street bridge are finally adopted. As we have pointed out already, if the company's official is the responsible head of his department he should be fully qualified to dispose of the outstanding details without reference to his superiors, and where could he do it better than on the precise location of the undertaking? The city's engineer is in a different position. He is responsible to a City Council whose limited experience of projects of this kind demands reasonable explanation of such details as may require to be changed. On that account the railway company should not find it difficult to send its expert to Victoria with full authority to do all that is required to hasten a start on the work. If Mr. Preston goes to Montreal—even with all the authority which appears to be necessary—it is more than likely that points will be raised which he would feel compelled to refer to the Council.

## NOT READY YET.

In the report of the Lambeth Conference which has just been published there is a wholehearted advocacy of support for the League of Nations on the part of the two hundred and fifty-two bishops who attended. The assembled clergy also went on record in favor of the admission of Germany "at the earliest possible moment which the conditions render possible." It is thus obvious to them that there is as yet no definite or even visible sign of contrition on her part for her conduct, and no evidence of any determination to make atonement for it. Nor should it be forgotten that Christianity never has upheld the forgiveness of the defiant and impenitent sinner. To Germany, therefore, is an invitation from the Conference to add her support to the provisions of the Covenant when she has adjusted the national conscience to the level demanded of a civilization that is pledged to end the business of conquest by the sword.

## SUNDAY SHOOTING.

The Rev. Charles Huestis, of Red Deer, Alberta, an official of the Lord's Day Alliance, has asked Premier Oliver to take steps to prohibit shooting on Sundays in British Columbia. The Premier—as is customary in requests of this nature—promised the reverend gentleman that his wishes set forth in writing would be considered by the Government. That a courteous reply will be sent to the visitor from the neighboring Province is a foregone conclusion. It is quite obvious, too, that the Premier will intimate to the Alliance that the shooting regulations in British Columbia are approved by the Government each year upon the representations of the Game Conservation Board. And in view of the fact that his official position is such as to deter him from taking the course suggested at present, it is altogether likely that the Premier will point out to Mr. Huestis that when popular opinion of sufficient volume in this Province demands the restriction in question it will be time enough to consider it. Meanwhile, however, Mr. Oliver may be pardoned for saying that British Columbia is in no danger of "going to the dogs" because the sound of a gun rends the air on the day of rest.

## THE PRINCE AND INDIA.

Very little stock need be taken in the suggestion that the postponement of the visit of the Prince of Wales to India is related in any way to the species of Moslem unrest of which a good deal has been heard during the last few months. It is doubtful if such a consideration has been taken into account. On the other hand it should be remembered that no special dispensation may fortify the health of a member of the Royal Family any more than that of the ordinary individual who is not of the purple. It is, therefore, reasonable to suggest that the limit of physical endurance has been reached in the case of the Prince, whose role as Empire Ambassador has involved the discharge of duties which have caused him to burn the midnight oil for months on end and to subject himself to the doubtfully pleasurable delights of travel of every variety. Indeed since the middle of last year successive visits to the Dominions have imposed a severe tax upon his health and strength. His has been continuous duty and it is small wonder that the biggest job of all should be postponed until he is equal to it. It is unfortunate, of course, that the future King could not go to India at this time. His personal touch would have been valuable as the divining rod in the reported areas of discontent. Fortunately, however, the Duke of Connaught is available to inaugurate India's advent to Imperial Statehood under the new constitution, while the health of the Prince may be assured for a visit next year.

## AMERICANIZING CANADA.

At a public dinner held in London on Tuesday Mr. F. C. Wade, British Columbia's Agent-General, started a distinguished attendance with the statement that Canada was becoming Americanized at the expense of Great Britain. He pointed out that in trade, commerce and emigration the Mother Country had lost a great deal of ground to the United States during the last four years.

Old Country advertising and publicity men who had gone to the gathering in question expecting to hear nothing more harmful than the customary platitudes from the Canadian representatives very probably will take the remarks of the Agent-General for this Province very much to heart. Nor should industrial Britain ignore the intimation also dropped by Mr. Wade that where there are one thousand American commercial travelers in this country there is only one from the British Isles.

It is in this particular connection, however, that much good should result from the personal examination of Canada's opportunities by the delegates to the Imperial Press Conference. On their return to the United Kingdom and other parts of the Empire they will be in a position to speak with authority at a time when Empire development and trade expansion are subjects commanding the attention of all governments within the Britannic Commonwealth.

## NOTE AND COMMENT

Canadian mail for the Orient is still being carried by liners sailing from American ports. It is about time the Government and the Canadian Pacific Railway officials got together and settled what is approaching a serious, if not ridiculous, state of affairs.

The Guardians of Liberty have written to Mr. Lloyd George disputing Mayor Hylan's declaration that he represented the citizens of New York when he urged the release of Terence Maeswiney. If His Worship remains in Brixton prison long enough the pros and antis of the United States will have a little scrap of their own about something which is the concern of neither.

Immediately after the conference which took place between the executive of the Miners' Federation and the President of the Board of Trade in London yesterday a verbatim report of the proceedings was published by the Government. This is a proper course to take. The prospect of a general strike of coal miners is not a condition which affects one section of the com-

munity; it strikes at the home as well as the factory, and on that account the public should be kept informed upon every detail of negotiation. Undoubtedly there are two sides to the question and as long as the general public is seized of that fact there is always a way to mediation by the application of popular pressure.

According to a dispatch from London The Daily Herald confesses that it has in its possession £75,000 of Bolshevik gold; but it is undecided whether it should retain it or not. "To accept it," says The Herald, "will be to complete a notable episode in international socialism." The average publisher in Great Britain at the present time will merely say that if The Herald takes the money it will cut its immediate operating loss to that extent.

The incident which resulted in something rather more serious than a straight talk with the Hon. Mr. Ballantyne should be suggestive to the Board of Trade that it is advisable wherever possible to place itself in possession of the nature of a case before it consents to permit itself to be used as an agency of introduction for the parties involved. An unprepared plea more often than not captivates enthusiasm and replaces good judgment by an impromptu wrangle.

## IN THE DAY'S NEWS

Few clergymen in England have had a more interesting career than the Rev. Thomas Horne, better known as the "showman" Chaplain, who has announced his intention to pay a visit to America. The son of a zoologist of repute, who became a lecturer to a travelling menagerie, he was born in a carriage at the Nottingham Fair. Since his ordination he has devoted all his energy to furthering the spiritual and temporal interests of his former associates of the circus. As there are about 75,000 people in the United Kingdom engaged in the show business, Mr. Horne has some trouble to shepherd his flock. To visit the various fairs and exhibitions involves travelling 6,000 miles a year.

## WHY DO WE REFER TO A SHIP AS "SHE"?

(Copyright, 1920, By The Wheeler Syndicate, Inc.)

"Because she needs a man to boss her" was the reply of an ungallant, but quick-witted youngster, when this question was put to the class by a teacher, and there have been scores of other facetious explanations ranging from the fact that the ship looks better for a little paint to the statement that she is addicted to "sales."

"But the true reason is that, in most phases of life, man is inclined to attribute femininity to those objects with which his everyday life is most intimately associated. The railroad engineer refers to his locomotive as 'she.' The farmer speaks of his plow, the carpenter of his favorite saw and the motorist of his car, usually in the feminine. 'She's running like a breeze to-day,' is a phrase which may be heard along the highway or in the field or in the locomotive cab.

So, too, the sailor, attached to his ship and loving her as dearly as if 'she' were really a part of his animate life, confers upon her the honor of being feminine. Somewhere within the breasts of all of us there lurks a common, instinctive feeling that the female sex is the natural recipient of such affection as we ascertain for our common companions and partners of our labor. The ship, the plow, the engine, the machine—all of these are 'she'—and, when they don't perform as they should, the male sex is likely to attribute it to innate feminine perversity.

## WHERE IT STARTED.

CELLULOID.  
(Copyright, 1920, By The Wheeler Syndicate, Inc.)

Dr. Pearson, of New Orleans, in 1848, made a mixture of nitrocellulose and camphor which he called Celluloid, and used to take the place of ivory and tortoise-shell. A little later, 1862, Parkes of England made a material called "Parkesine" from gun-cotton and naphtha; but this material did not hold in competition with Celluloid. The first plant in America was erected by Hyatt Brothers in New Jersey, 1867.

## CIVIL SERVANTS APPROVE MOVE FOR SALARY INCREASES

But Higher Paid Men Not to Get as Much as Lower Salaried

Provincial civil servants of Victoria last night practically unanimously endorsed the schedule for salary increases presented by their central executive and endorsed by civil servants of Vancouver.

This schedule is: Salaries up to \$125 a month, householders, \$25; non-householders, \$15.  
Salaries, \$125 to \$175 a month, householders, \$20; non-householders, \$10.  
Salaries, \$175 to \$250 a month, householders, \$15; non-householders, \$10.  
It was felt that a straight bonus

on a percentage basis was not equitable, as it would give the higher salaried man as much in proportion as the lower-salaried man, whereas the bonus was being asked for to meet the increased cost of living which did not affect the higher-salaried man in proportion to his salary so much as it did the lower paid man," said the explanation to secretaries accompanying the schedule.

For Lower Paid Men.  
"It was felt that it was the lower-paid man who required help most."

The executive had in mind that salary increases were given in the Spring and that it would be better to ask a reasonable amount which there was some hope of getting than to ask a larger amount which would be turned down cold. Even if these moderate figures were turned down we have the satisfaction of knowing that they cannot be turned down because they are out of reason."

Only one man voted against the schedule. He proposed that no bonus be asked for any man who was getting more than \$175, "as we would

stand a better chance of getting what we ask for."

## Ready For Election.

It was objected to this, however, that the man now getting \$175 would be raised to \$190 and the man now getting \$140 would stay where he is and be under the lower-salaried man. One man asserted that asking for the increase was just like beating the air.

"The Premier will again say that he stakes his political life on a refusal," he said. "But, ladies and gentlemen, there sometimes comes a wonderful psychological change. In front of an election the hardest political heart becomes softened in a most mysterious way."

He urged that the association get everything ready and then spring on the Government when they were starting an election.

## Same For All.

"It is very disappointing that we should take things in a quiescent mood," another member said. "An amount irrespective of salary should be asked for, so there should be no difference between the high salary man and the low salary man, as each man requires an equal amount for food and clothing," said another man.

To this and other criticisms it was objected that it would be a sign of weakness if we do not support Vancouver.

## Depends on Bonus.

The superannuation report signed by W. F. Bridges, secretary of the committee, provided many speeches. This report said that as many salaries have not increased in proportion to the increased cost of living this is an inopportune time to bring in any superannuation measure which would require members to contribute a part of their salary to the superannuation fund. It was recommended that the measure be postponed until the cost of living falls or salaries go up.

"Some do not want to deal with the matter until they see whether they get the bonuses or not," said one man.

Only "Colorable Imitation."

Another gentleman asserted that the committee by bringing in such a report had really "just thrown up the sponge." "The trouble is how are we going to suffer a deduction from our salaries when we are saying that these salaries are already insufficient to keep us?" another man said.

Another asserted that "the Civil Service Commission won't be able to produce anything more than a colorable imitation of a superannuation bill."

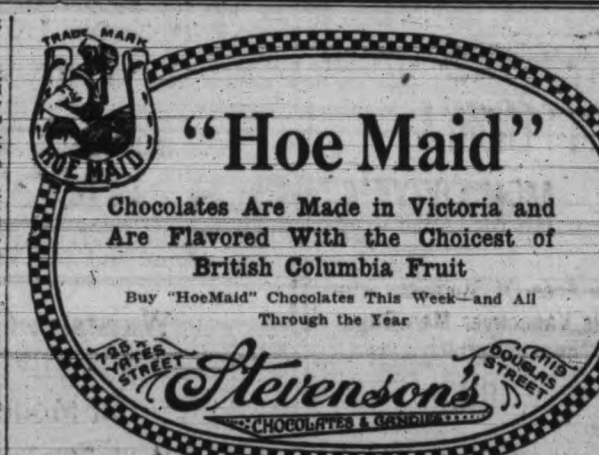

After more speeches it was decided to refer the report back to the committee giving them power to increase their numbers, and that, if necessary, substantial assistance be obtained in preparing the superannuation scheme.

## CREE RECITER IN FINE PROGRAMME

Frances Nickawa Charmed Big Audience Last Night

Wesley Methodist Church was crowded with an appreciative audience last evening for the delightful programme presented under the auspices of the Young People's Association. Chief interest centered in the recital of Miss Frances Nickawa, the famous Cree Indian elocutionist, who charmed her audience with her artistic conceptions of the late Pauline Johnson's legends and poems. Rev. R. M. Thompson spoke briefly and introduced Miss Nickawa. The opening number on her programme was "Encouragement," rendered with demure coquetry, while in strong contrast was "On the Other Train," which revealed her ability as a tragedienne.

Miss Nickawa is a native Cree of Spill Lake, which spot she described as being "seven days' canoe journey north from Norway House," where a missionary society was carrying on

its work, to the far north of Winnipeg. Her Indian origin and understanding of Indian lore makes Miss Nickawa an ideal interpreter of Pauline Johnson's work, in which she stands perhaps unrivaled, while her Cree costume creates the right touch of atmosphere and carries out the picturesque effect. The numbers given included "Canadian Born," "Cattle Thief," "Rider of the Plain," and the legend of the Great Grey Archway.

Another group, rendered with fine elocutionary power and clear enunciation included "One of These Little Ones," "Setting a Hen," and "A Lateral Oblique."

Others who assisted most capably at the concert were: Miss Smith, Miss Kate Ede, Mrs. E. Williams and Messrs. Guy, Hunt and Young.

## PIONEER OF EARLY DAYS BACK IN CITY

B. Van Volkenburgh, Merchant For Many Years,  
Down From North

Looking back to the far off days of the Cariboo excitement, B. Van Volkenburgh, pioneer butcher of this city, was able to tell The Times representative yesterday something of the early years when this city and province were in the dawn of a splendid manhood.

Mr. Van Volkenburgh, now an octogenarian, trapper with the increasing years, but alert in mind, is staying at the Dominion Hotel. There yesterday he was called upon by Mayor Porter and Alderman Sangster, friends of former years.

He is down from Dawson, Y. T., where he lives with a son, visiting relatives in the Pacific Northwest. Mr. Van Volkenburgh went up there in 1891, and the North has continued to interest him. "The Yukon is not what it used to be," said the veteran, "but it is a country where the individual miner is being replaced by the company with larger resources and money, who can provide expensive machinery. The Mayo country is one of the best known butchers' and great developments are expected in that section."

Mr. Volkenburgh left Buffalo in January, 1882, and crossed the Isthmus of Panama, reaching Victoria, and proceeding at once to the Cariboo. He engaged in extensive ranching interests in the interior, and later established a well known butcher's business here, having a large store at the corner of Government Street and Yates Street. He also had stores in Vancouver and New Westminster. One of the largest contracts he ever handled was the meat supply for the great construction camps of the contractors for the Canadian Pacific Railway.

He gradually changed over his interests to Vancouver Island, and formerly held the land now covered by streets and houses east of the Jubilee Hospital. In fact he controlled the site of the present hospital building. He is one of the survivors of the French Hospital managers who arranged for the transfer of the institution to the directors of the present building.

Many old friends will be glad to welcome Mr. Van Volkenburgh back to Victoria once more.

## DIDN'T ENJOY A MEAL FOR YEARS

Now Free Of Stomach Trouble  
Vancouver Man Says  
There's Nothing Like  
Tanalac

"I have obtained such wonderful results from Tanalac that I feel I ought to relate my experience for the benefit of others," said J. Wist, a well-known Vancouver man, living at 223 Victoria Drive.

"For four years I didn't know what it was to enjoy a good meal without suffering untold agony afterwards. Everything I ate seemed to form a solid lump in the pit of my stomach, and then sour and form gas that bloated me up until I felt like I would smother, and my heart would beat fit to burst. Just before I got Tanalac I was afraid to eat anything, and often could not retain the little I did force down."

"I had terrible headaches, and at times became so dizzy I had to grab hold of something to save myself from falling. I also had rheumatism so bad in my legs I could hardly walk, and sharp pains under the right shoulder. My sleep at night seemed to do me no good, and I always got up in the mornings feeling completely tired out."

"Tanalac has done what I thought was impossible for any medicine to do. Why, I have a splendid appetite now, and can eat anything I want and don't know what it is to suffer from indigestion any more. I am no longer bothered with the rheumatism, and headaches and dizzy spells are a thing of the past. I'm just as well as any man of sixty-five could possibly be, and I give all the credit for my remarkable improvement in health to Tanalac."

Tanalac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

A very pretty and interesting wedding took place on Wednesday evening, when Miss Betty Appleby, the youngest daughter of Mr. and Mrs. Appleby, 963 Cloverdale Avenue, and P. A. Brownsey, son of the late Mr. and Mrs. G. Brownsey, of Duncan, were united in matrimony by the Rev. H. T. Habershon in the Douglas Street Baptist Church. The bride, who was given away by her father, was attired in a pretty dress of white crepe-de-chine with a white picture hat of georgette, and carried a bouquet of white carnations. She was attended by her sister, Mrs. F. A. Hitchcock, as matron of honor, who was dressed in grey tulle with a hat of blue georgette and carried a bouquet of roses. Miss Phyllis Appleby acted as bridesmaid and wore a dress of white silk and a hat of white tulle. The bridegroom is well-known locally. During the late war he joined the 15th Brigade Artillery here and later served as a gunner in the 2nd Battery in France and Belgium and was also with the Canadian forces in Cologne. Many ex-service men were present at the ceremony, and later at the wedding breakfast, which was served by the bride's mother at her home, where she was ably assisted by Mrs. Fred Appleby and Mrs. Smith. The happy couple were the recipients of many beautiful and useful gifts and the good wishes of many friends accompanied them when they left for the mainland on the midnight boat. On returning from their honeymoon Mr. and Mrs. Brownsey will reside at Duncan.

At Christ Church Cathedral on Wednesday evening at 8 o'clock, Very Rev. Dean Quainton solemnized the marriage of Marguerite, eldest daughter of Mr. and Mrs. R. Dwyer, 727 Broughton Street, and Frank J. Laughlin, of Vancouver. The bride, who was given in marriage by her father, was very charmingly attired in ivory tulle embroidered with silver, and veil of Brussels net held to the coiffure by a wreath of campanella. Her bouquet was of white sweet peas and asters. Her two attendants, Miss Eileen Dwyer, her sister, and Miss Alice White, were dressed alike in frocks of pale blue silk, and picture hats of shell-pink georgette. Their bouquets were of pale pink sweet peas. The best man was E. Anderson, of Vancouver. The happy couple were present to witness the nuptials. Mr. and Mrs. Laughlin left by the night boat for Vancouver, the latter wearing a smart going-away costume of navy tricot and a neat little traveling hat en suite.

Last evening in the presence of a number of intimate friends at "Breadbasket," the Rev. Dr. Campbell officiated at the marriage of Montague James Danby, second son of Mr. and Mrs. W. H. Danby, and Miss Lily Watson, daughter of Mr. and Mrs. L. Watson, of Victoria. The bride was given in marriage by her mother, Mrs. Cecelia Nisbet, of 1897 Powl Bay Road. The bridegroom was attended as groomsmen by his brother, S. Danby, and the bride was attended as bridesmaid by her sister, Miss C. G. Linn Nisbet. Mr. Danby is a native of Anacosta, Montana, and Miss Nisbet at Newcastle-on-Tyne, England. The happy couple were the recipients of many handsome presents, including a case of silver from Mr. A. L. Meugens, where the bride was employed for the past four years; also silver tea set from the groom's fellow-employees at Gordon's Ltd. They left by the afternoon boat for Seattle and, on their return, will make their home here.

Mrs. C. N. Gowen, of October Mansions, returned on S. S. President from California yesterday, accompanied by her granddaughter, Miss "Laddie" Watkins, daughter of Mrs. Watkins, of Vancouver. Miss Watkins will remain here for a few days before leaving for the mainland.

Mrs. Heidma, of Ottawa, has been spending the past week in the city awaiting the arrival from California of Miss Isabel McInnes, who was a passenger on the S. S. President yesterday. They will leave for Vancouver to-morrow.

Up-Island visitors registered at the Strathcona Hotel include Mrs. C. A. R. Gordon and Miss N. I. Gordon, G. Bryant, and Mr. and Mrs. H. Jones, of Luxton.

A. N. Bell and Mrs. Bell, of Los Angeles; C. H. Galligan, of Chicago, and George Croppen, of Tacoma, are registered at the Strathcona Hotel.

Mr. and Mrs. R. J. Ruddle, of Saskatoon; and Miss G. Morgan and Miss E. MacLeod, of Regina, are staying at the Strathcona Hotel.

Mr. and Mrs. A. E. Pinckton, and D. Seeger, of Edmonton, Alberta, are guests at the Strathcona Hotel.

**TO-DAY'S JEWELS**

Friday, September 10

To-day the amethyst is a love talisman. This arises from the old legend that an engraved amethyst bearing the figure of a little cupid is said to have been worn in a ring by St. Valentine. Since the good saint has been the patron of young lovers from time immemorial the amethyst assumes on this particular day sentimental value, though at other times it is an enemy to the tender passion.

The diamond, which is to-day's natal stone, is a worthy complement to the powers of the amethyst. But aside from its significance as an emblem of plighted troth, it has the power to protect those who wear it from sudden death or disease or personal misfortune.

White is prescribed by the Orient for observance on this day. To wear it means the acquisition of new friends.

Goldenrod is the significant flower to-day. It is not altogether fortunate, but its presence signifies caution, full cognizance of approaching danger.

visitors from Estevan, Sask., are staying at the Dominion Hotel.

W. G. Harwood, of Hornby Island, is among yesterday's arrivals at the Dominion Hotel.

G. Anthony and Mrs. Anthony, of Moose Jaw, are staying at the Dominion Hotel.

Mr. and Mrs. G. H. Densley, of Montreal, are registered at the Empress Hotel.

A pretty wedding took place yesterday afternoon at Grace English Lutheran Church, Blanshard and Queens Avenues, when the Rev. P. E. Bailer, R. D., united in the bonds of holy matrimony Daisy Viola Marguerite Scafe, of Victoria, and Leonard Richard Turner of the C. P. R. staff. The bride was accompanied by Miss Olive E. Brisco as bridesmaid, while George F. Brisco, Alkazar Mansions, was the best man.

The Countess of Portsmouth is in Vancouver for a few days, and will come over to Victoria before returning to England. She is accompanied by her niece Miss Sylvia Watney, and has been attending the wedding of her nephew, H. Wallop, son of the Hon. Oliver Wallop, of Wyoming, which took place in Long Island recently.

Hurstbourne Park, Hampshire, is the fine old family mansion.

Mrs. John Piercy and her daughter, Mrs. S. P. Langley and Mrs. J. S. Oughtant, have returned to Victoria from Vancouver, where they accompanied Mr. Jack Piercy, who has left to resume his medical studies in London.

Mrs. W. L. Clay has returned to the city after a week's motor tour of the island in company with Mr. and Mrs. Leslie Henderson, of Vancouver.

Hon. Mr. Justice and Mrs. Gregory have removed from Belleville Street and taken up their residence at 1048 Craigdarroch Road.

George W. Paulsen, of Brantford, Ont., is a guest at the Empress Hotel.

Mr. and Mrs. O. H. Lee, of Seattle, are guests at the Empress Hotel.

Capt. George H. Huff, of Alberni, is registered at the Dominion Hotel.

B. Lindsay, of San Francisco, is registered at the Empress Hotel.

A. O. Daunt, of Clinton, B. C., is a guest of the Dominion Hotel.

John Hopp, of Barkerville, is staying at the Empress Hotel.

Urges I. O. D. E. to Concentrate on Big Functions

Mrs. Hasell's Suggestion Meets With Unanimous Approval

A suggestion that the members of the I. O. D. E. in Victoria concentrate their energies and co-operate in one big function in Winter and one in Summer, in preference to the present practice of raising funds by innumerable small garden parties and comparatively trivial sales of work, met with unanimous approval at the meeting of the Municipal Chapter yesterday afternoon, Mrs. E. S. Hasell, in making the motion to this effect, urged that there would be a dignity befitting the order in undertaking some "worth while" function, rather than in each chapter bending its efforts into small sales of work, cheap dances or garden parties which the public did not patronize. She further suggested that the Victoria members promote some such entertainment as a "Festival of Art," similar to that which met with conspicuous success in pre-war days, and that the proceeds be devoted to the War Memorial fund of the order. The motion was carried without a dissentient voice and the representatives will carry the matter before their chapters with a view to its further consideration at the next meeting of the Municipal Chapter.

A Soldier's Orphan

Evidence of the widespread interest taken in the work of the order was conveyed by a letter from a former resident of Victoria, Mrs. Emily Middlemiss, who is now residing in Glamorgan-shire, South Wales. The letter is self-explanatory: "I have a cutting from a Victoria paper which was sent to me about two years ago, which states that the Daughters of the Empire have decided to create a fund for University education for the sons and daughters of the soldiers and sailors, also for scholarships for post graduate work in the Universities of the United Kingdom and other parts of the Empire. As my son, who will be eleven years old in September, will soon be ready for a secondary education, I will be glad to hear from you if there is any way in which I could get a grant or help in this matter. My husband is buried in the Ross Bay Cemetery (Private Joseph Middlemiss 100rd Battalion C. E. F.) and I am very grateful indeed to the Daughters of the Empire for tending it. My friends there sent me the little silk

flag placed by you on it and I treasure it very much."

Tributes to Graves Committee

Tributes to the work undertaken by Mrs. Mortimer Appleby as convener of the Soldiers' Graves Committee was paid in a letter from a grateful mother at Edmonton, whose son is buried in Ross Bay, the grave being tended by the I. O. D. E. Tangle token of their appreciation of this work was also sent by the Comrades in the Great War in the form of a donation of \$100. In appreciation of your magnificent work in caring for the graves of departed comrades.

The Comrades also sought to co-operate with the Daughters in this work by creating a fund for the cemetery in now practically finished and it is not considered likely that there will be many new graves in the future. It was decided to retain this standing role of sympathy, although at the same time donations towards the upkeep of the graves from the Comrades would be gratefully received.

Mrs. David Doig gave a comprehensive report as Echoes secretary, and Miss Cook read a lengthy communication on the subject of the I. O. D. E. burials. Mrs. Curtis Sampson, the regent, presided and before the commencement of business a standing vote of sympathy was passed to Mrs. W. E. Oliver and the family of the late Dr. J. S. Helmecken in their recent bereavement. Mrs. Hasell officiated as secretary in the absence of Mrs. David Miller.

Preparations for various activities during the next few weeks were made at the meeting. Miss Bell was appointed convener of a concert to be given at Margaret Jenkins School under the auspices of the chapter, with Miss Dorothy Scott in charge of the programme. The proceeds of the concert will form the nucleus of a fund to be raised to purchase a piano for the school.

Miss Gladys Macdonald has been appointed to succeed Miss Dorrell as Echoes secretary, and Miss Lillian Johnson is assuming the duties of standard-bearer in succession to Miss May Dinsdale, who has resigned.

Last night's meeting, which was in charge of Mrs. Gordon Smith, the regent, was well attended.

The Women's Auxiliary of the Saanich Health Centre will meet at "Thurms," the residence of Reeve and Mrs. G. F. Watson, Gordon Head, at 2:30 o'clock on Tuesday, September 14, and at 3:30 o'clock there will be a silver tea, the proceeds of which will be given to the furnishing of the health centre.

## MAJOR GEN. BENSON PASSES AWAY HERE

Former General Officer Commanding at Halifax Died To-Day

Major-General Thomas Benson, C. M. G., who settled in Victoria in 1918, passed away at his residence, 467 Lampeon Street.

The General had a distinguished military career, retiring from the Army as General Officer Commanding Military District No. 6, Halifax. The burden of the war problems, on the Atlantic seaboard, and the Halifax explosion were on him considerably, and he decided to settle here, where he had been twice previously posted in garrison duty. His health was never good at the last, and he had been slowly sinking.

Born April 22, 1860, at St. Catharines, Ontario, the son of the late Senator J. H. Benson, of St. Catharines, he was educated at Upper Canada College, and entered the militia after graduating at the Royal Military College in 1883. He was gazetted a lieutenant of the R. C. A., and became captain in 1896. In 1902 he was promoted major and lieutenant-colonel in 1905. Three years later he became a full colonel. In 1908 he was appointed commandant of the Royal School of Artillery in Quebec, and Inspector of Artillery for Canada. For three years, 1908-11, he was commanding in the Eastern Division of Ontario, during that time holding the position of visitor at the Royal Military College, Kingston. He was officer commanding the Third Division area from 1911 to 1915, and in that year was promoted a general officer. He was Master-General of the Ordnance for some time. In March, 1916, he was gazetted G. O. C. of Military District No. 6, and in August of that year promoted to the rank of major-general. He received the C. M. G. while at Halifax.

General Benson married Miss Merritt, of Kingston, Ont., and is survived by his widow, one son, Major Benson, D. S. O., of the Royal Canadian Horse Artillery, who had a distinguished career overseas, and one daughter, Miss Aileen Benson.

The funeral will be private, with service at the house at 467 Lampeon Street, and the interment will take place at St. Catharines.

## OBITUARY RECORD

The funeral of the late Mary Agnes Booz, whose death occurred on Saturday last, will take place tomorrow afternoon at 2.30 o'clock from the Thomson Funeral Home, where services will be held, the Rev. Canon Hinchliffe officiating. Interment will be made at Ross Bay Cemetery.

At the Jubilee Hospital this morning the death occurred of Christine Jean Fraser, widow of the late Neil Fraser, at the age of 79 years. She was born at Pictou, Nova Scotia, and had been a resident of Victoria for thirteen years. She leaves one daughter, Miss Fraser, in this city, and four brothers at Pictou. The funeral will be held from the B. C. Funeral Chapel on Monday at 1.30, Rev. Dr. Maclean officiating. Interment will be made at Ross Bay Cemetery.

The funeral of Mrs. Elizabeth Belben took place yesterday afternoon from the B. C. Funeral Chapel, where service was conducted by the Rev. Robt. Wilkinson. There was a large attendance, and a large floral offering covered the casket. Two hymns were sung, "Rock of Ages" and "Jesus Lover of My Soul." Interment was made in Ross Bay Cemetery. The following acted as pallbearers: E. Parsons, Dr. H. Miller, J. W. Rennie, J. T. Taylor, J. M. Melis and J. F. Emery.

Margaret Esther Martin, beloved wife of Robert John Martin, passed away at the family residence, 348 Michigan Street, this morning at the age of 48 years. Born in Prince Edward Island, the late Mrs. Martin had spent the past thirty years of her life in this city. She is survived by her husband, three daughters, Mrs. H. A. Jackson, Seattle, the Misses Jean and Margaret Martin, of Victoria; two sons, George E. Martin, Seattle, and Master Bobbie Martin, at home; her parents at Alliance, Cal., and two sisters, six brothers and two grandchildren. The funeral will be held from the residence to-morrow at 2.45, proceeding to James Bay Methodist Church, where the Rev. W. C. Mayhew will officiate at the service. Interment will be made in Ross Bay Cemetery.

The funeral of the late Frank Adams will be held from the residence to-morrow at 2.15, proceeding to the Centennial Methodist Church, where the Rev. J. L. Battig will conduct the services.

The death has occurred at St. Joseph's Hospital of Susan Mars, wife of Samuel Mars, 1024 McCaskill Street. Mrs. Mars was forty years of age, a native of Scotland. She is survived by two sons and one daughter, and also one sister, Mrs. McLeland. She was a member of the Caledonian Society. The funeral will take place to-morrow at 2.30 o'clock from the Sands Funeral Chapel, Rev. Dr. Maclean officiating.

The funeral of Mrs. Annie Morse, who died at Vancouver on September 7, took place this morning from the Sands Funeral Chapel. Many friends were in attendance and many flowers were sent. Rev. P. A. P. Chadwick officiated. The hymns were "Abide With Me" and "There's a Land That is Fairer." The pallbearers were H. E. Helmsing, J. R. Hatch, J. Parker and Mr. McDean.

## 33

years ago an ulcer appeared on my ankle, writes Mrs. Jeffrey, of Methuen, Mass. "In spite of all the remedies I used, it spread to my knee, and developed into an open sore. I had medical treatment for twenty-five years, but only got temporary relief. The pain I suffered was terrible, and for years I was unable to leave the house.

"One day I saw in a newspaper an account of a bad ulcer having been cured by Zam-Buk. Although I was skeptical, now, of anything curing me—having tried so many remedies in vain—I decided to give Zam-Buk a trial. I applied the balm freely every day and to my delight the sore soon showed some improvement. Gradually the inflammation was drawn out, the pain was ended, and, after thirty years of suffering, I realized I was on the road to recovery. With perseverance, the awful sore was finally completely healed, and, although that was three years ago, there has not been the slightest trace of the ulcer returning."

Zam-Buk is the best remedy, also, for eczema, boils, pimples, blood-poisoning, piles, burns, scalds and cuts. All dealers, or Zam-Buk Co., Toronto, 50c. box, 2 for \$1.25.

## GAS SUPPLY DROPS

Men Work Long Hours to Keep Up Pressure—Users Must Conserve.

Although every effort has been made by the emergency staff of the Victoria Gas Company, it has been found impossible to maintain the supply of gas at a practical pressure, and great inconvenience has been caused to those householders and industries which rely on the gas supply for services.

Company officials stated this morning that the men who have been drafted from other occupations for work in the gas retort room are putting in long hours and working to the last ounce of their ability, but a proper pressure will only be obtainable during the strike if the users of gas put the strongest restrictions on their cooking operations, and so give the industrial plants some assistance.

Move Navy League Office.—The headquarters of the Victoria Branch of the Navy League have been removed from 1014A Broad Street to 105-7 Stobart Building, Yates Street, the old quarters being retained as a storeroom and ship's office for the Boys' Naval Brigade, but only open when the brigade is there.

## BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

**MAGIC BAKING POWDER** contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other.

## MONTEAGLE IS IN FROM THE ORIENT

Large Saloon List, With 650  
Chinese in Steerage; Pro-  
ceeded to Vancouver

The C. P. O. S. liner Monteagle, Captain A. J. Hoek, R. N. R., arrived at William Head Quarantine Station at 1 a. m. to-day and touched at the Outer Docks here at 8.45 a. m., staying for a few minutes to put off mails and some light freight. The Monteagle carried 100 saloon class, fifty second, and 650 steerage passengers, on her regular run from Hongkong, Shanghai, Nagasaki, Kobe and Yokohama, sailing from there in the middle of August.

The saloon passengers included W. E. Crowe, Salisbury, Indiana; R. L. Donnan, Indianapolis; H. G. Elliott, London, Eng.; E. Ford and party, from Sparta, Wisconsin; A. M. Grant, St. Catharines, Ont.; G. H. Green, New York; Dr. C. W. Mason and party, from Hongkong; W. B. Russell and party, from Shanghai; Rev. J. A. Blimmon and party, from Wellington; Dr. J. O. Thompson and party, from Hongkong; Lt.-Col. E. S. Wheeler and party, from Hongkong; while several passengers from Vladivostok and European points were also on board.

Only some 100 Chinese passengers debarked here, while the remainder proceeded to Vancouver, the final port of the C. P. O. S. vessel. The run was made in fast time, but slight delays were met with on arrival near this coast, where fogs and rain were found to be very heavy. The Monteagle sighted the N. Y. K. freighter Toyama Maru off Carmanah Point and passed her shortly afterwards, arriving at the William Head Quarantine Station first. Pratique was easily obtained, as a clean bill of health was found.

## ORIENTAL MAIL SITUATION IS CREATING ANGER

Vancouver Board of Trade  
Resents American Sailings  
of Canadian Mail

Vancouver, Sept. 10.—Taking exception to certain statements made in a memorandum by Sir George Foster, Minister of Trade and Commerce, with reference to delays in Oriental mail sent from Vancouver, the Council of the Board of Trade has dispatched a letter to Premier Meighen, in which it is contended that the action of the Government in allowing Canadian mail to continue to be sent from American ports is detrimental to the best interests of the country. It is urged that present conditions should not be allowed to continue without efforts being made to settle the controversy which at present exists between the Government and the Canadian Pacific Railway.

"In the first place—we must respectfully take exception to the statement contained in the memorandum, presented by the Minister of Trade and Commerce to the effect that Canadian mail to the Far East is being carried by Japanese vessels sailing from Vancouver and Victoria.

"An inquiry at the local postoffice department elicits the following facts: During July and August there were five vessels sailing from Seattle and four from Victoria. The greater portion of mail during these two months was dispatched to the Orient via Seattle. In addition, two steamers sailed from San Francisco—July 26 and August 16—to the Orient with Canadian mail on board. During this month Japanese vessels carry Canadian mail but only in one instance from a Canadian port. The other sailings will be—four from Seattle and five from San Francisco. We cannot understand why this statement is made, because inquiry at the department of railway mail service at this port will confirm the above statement."

## Nature's Mirror

When a woman is well  
and healthy—there's a  
sparkle in her eyes, a  
rose tint in her cheeks,  
and she has rich red  
blood. There's elasticity  
in every movement and a  
spring in her step. Love  
comes to every woman  
who has bounding health,  
but when she is pallid,  
dull eyed, languid, she has  
no magnetism nor does  
she appeal to any man.

Such a change in feel-  
ings and looks!

After suffering pain,  
feeling nervous, dizzy,  
weak and dragged down  
by weaknesses of her sex—  
with eyes sunken, black  
circles and pale cheeks—  
such a woman is quickly re-  
stored to health by the

Favorite Prescription of Dr. Pierce. Changed, too, in  
looks, for after taking Dr. Pierce's Favorite Prescription  
the skin becomes clear, the eyes brighter, the cheeks plump.

Druggists sell it in tablets or liquid. It is a medicine  
that's made especially to build up women's strength and for  
women's peculiar ailments—an invigorating, restorative  
tonic, soothing cordial and bracing nerve; purely vegeta-  
ble, non-alcoholic, and perfectly harmless.

## SAYS COUNCIL HAS SET GOOD EXAMPLE

Chairman of Civic Finance Committee Puts Quality Argument to Fore

"When the City Council recently adopted the recommendation of the Finance Committee that the city should, whenever possible, purchase locally made goods in preference to articles made elsewhere, it went on record as being well to the fore in supporting the 'Made-in-Victoria Week,' said Alderman W. J. Sargent yesterday.

"There was one qualifying clause to that resolution of the Council, it being specified that the quality and price should be as favorable as that of the imported lines offered, and right there is one of the big boasts which the city gave to the reputation of local industries, for the City Controller has been purchasing locally-made articles under these restrictions, and that fact should show that the local goods are in every particular up to standard," said Mr. Sargent.

### Goods of Quality.

"If the householders of the city were to set the same standard, set up to it consistently, and purchase the locally-made articles on the basis of price plus quality coming before merely advertised brand names, the local manufacturing plants would be soon making large extensions of their equipments," he said.

"It is obvious that if Victoria-made goods are able to hold strong positions in the prairie markets and in export trade, as they are well known to be doing, then the quality must be of the best. When in addition these articles are sold on more favorable terms in our city than the prices charged in other markets, as is frequently a fact, it seems to me obvious that the people of Victoria should follow the lead of their Council and set a standard and then keep their own end of the plant. Buy locally-made goods when price and quality are as favorable as the imported goods, and that means buy the local articles all the time," said the alderman.

## WANT GORGE CITY PARK DEVELOPED

Development of the Gorge City Park in accordance with a definite plan is the objective of a movement launched by the Victoria West Brotherhood at its last meeting. The Brotherhood and representatives of other local organizations decided to recommend to the City Council as follows:

"That some qualified person should be entrusted with the making of a plan of the said City Gorge Park area as it would be when completed, and that the City Council inaugurate the plan of devoting a stated sum each year until the project is completed.

"It is suggested that such plan should provide for a retaining wall along the shore, surrounded by a promenade and seats. A bathing beach. An up-to-date bathing-house suitably located so as not to obstruct the view.

"The uncleared portion of the area

cleared of underbrush and beautified with flower beds, and a sufficient open space to be provided for the holding of sports and picnics."

Representatives of other organizations present expressed themselves as thoroughly in accord with the Brotherhood's ideas and promised to recommend the adoption of the resolution quoted.

## ARMY AND NAVY VETERANS IN SESSION

Take Opposite View to That of Board of Trade Council

At a well-attended meeting of the Army and Navy Veterans Association last night it was unanimously resolved that the meeting go on record as strongly disapproving the action of the Victoria Board of Trade in determining to send an apology to the Hon. C. C. Ballantyne, on account of the attitude of a recent delegation from the Harbour Marine Co. It was also resolved that the president be authorized to confer with the presidents of sister organizations with a view to calling a public meeting for the purpose of discussing the advisability of amalgamation of all returned men in Victoria and immediate neighborhood, the association to defray its share of the expense thereby incurred.

Comrade J. Whitcomb was elected to fill the vacancy on the executive caused by the resignation of Comrade P. G. Cox.

To-morrow night the Association will hold a grand smoking concert in the assembly room of the club in the Hamley Building, and as the best of local talent has been secured a full attendance of members and friends is expected.

## CIVIL SERVANTS CHOOSE GOLDSTREAM AS PICNIC SITE

All arrangements for the second annual picnic of the Provincial Civil Service Association have now been made, and to-morrow's trip to Goldstream is expected to be a highly successful affair.

The Executive Council has granted permission for the majority of the civil servants to leave their desks at 11 o'clock, only asking that a sufficient number remain to enable the offices to keep open until the usual closing hour. Tally-hos will leave the corner of Elliott and Government Streets as close to 11 o'clock as possible, and those who are unable to go at that time will make their own arrangements.

For the return journey arrangements have been made for tally-hos to leave Goldstream at both 7 p.m. and 11 p.m. as a dance will take place in the pavilion during the evening.

The committee has arranged for tea and coffee to be provided at the grounds, but all those taking part in the picnic are reminded that they should bring lunch baskets with them.

A strong card of sports has been prepared and substantial prizes figure on the list of awards.

## Form These Good Habits

WHENEVER anyone in your family comes home chilled from exposure to cold and damp, let your mind instinctively think of the bottle of PERRY DAVIS PAINKILLER in the cupboard, and give, without delay, a teaspoonful dose in a cup of hot, sweetened water or milk. This prompt treatment with this reliable household medicine wards off the evil after-effects of a chill, such as Colds, Bronchitis, La Grippe, and Pneumonia.

Again, think of PAINKILLER if seized with an acute attack of Cramps and Colic in the stomach and bowels; generally accompanied with great pain, Diarrhoea and a feeling of collapse. Usually these attacks result from unwise eating, chill from sleeping uncovered during the late part of the summer, etc.

A teaspoonful dose or two of PAINKILLER then will earn your gratitude, and people who have once experienced the agony of such attacks and the relief afforded by PAINKILLER, seldom fail thereafter to keep always on hand a bottle of this reliable remedy.

Again, think of PAINKILLER whenever a child begins to develop a sore throat or Bronchial Cough. Wring out a flannel cloth in a cupful of hot water to which a teaspoonful of PAINKILLER has been added, wrap around the child's throat, and cover with another flannel to keep dry. (Do this at bed time). The warmth and drawing-power of the PAINKILLER soothes, induces sleep, and counteracts the inflammation. Many a mother has been spared a sleepless night for herself and her child by this simple, effective, home treatment.

PAINKILLER is also valuable as a liniment for Sprains, Bruises, Insect Bites, Stings, etc.

PERRY DAVIS PAINKILLER has been on the market for over seventy-five (75) years. It is used in nearly every country on the globe by thousands of families of every race for the purposes described above.

Every family and every traveller will do well to have always on hand a bottle of this reliable household medicinal preparation.

**GRANDMA USED SAGE  
TEA TO DARKEN HAIR**

She mixed Sulphur with it to  
Restore Color, Gloss,  
Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

## SEES GREAT FUTURE FOR POULTRYMEN

Joseph Rylands Bases Success on Support Given His Undertaking

That Vancouver Island is the chicken raisers' ideal of a location is the belief and constant assertion of J. Rylands, who claims that the island will in the course of the next few years see a great expansion in this line of industry.

"Chickens are the quickest means we have of turning grains into meat, and the birds do better on Vancouver Island than in any other part of Canada," said Mr. Rylands this morning, when showing the process whereby a single shipment of 3,900 pounds of birds just arrived from Duncan is got ready for marketing within a single day, without interrupting the course of the normal supply of the surrounding country districts sent in daily to the up-to-date dressing plant on Cormorant Street.

Three seconds are all that is allowed for the complete removal of the feathers from the birds under the wet picking process, and but ten seconds will be taken when dry picking is practiced.

The latter process is the system adopted for the local market, while the shipments which are made for the C. P. R. contracts are prepared by the wet system.

Built on the successful dressed poultry business, which is to-day competing on the Vancouver market with Vancouver Island produce, the Rylands concern has now in operation a complete kitchen for delicatessen products, making the sausage, cooked meats and other dainties which are sold both in the market and in the Yates Street store.

The growth of this business in the past five years is, to my mind, not so much due to myself and my staff of fourteen as to the opportunity which existed here on Vancouver Island, an opening which I and my boys saw and developed," said Mr. Rylands. "Vancouver Island has scores of other opportunities awaiting its people, this chance was in our time and we took advantage of the market. While we have done well for ourselves, we have at the same time released the Vancouver Island chicken raiser from the domination of the Vancouver interests, which formerly used to pay just about what they wished for the produce offered. At the same time we have provided a sure market for all the birds and eggs which the farmers can raise. At present we cannot get sufficient to keep our trade demands going."

"We have no complaint of the patronage which the people of Victoria have given us. They have indeed been the means whereby we have been able to build up this business to its present position, one of the largest undertakings in its line in the Province."

"That is what patronizing home industries means," concluded Mr. Rylands. "If the people of Victoria support their other industries as they have patronized us, they will assure for the local products of the island a certain and constant market, and also prevent outsiders from dictating to local producers of raw materials as to what they shall sell for. Certainly in our own field there is more competition for chickens, eggs and the other farm products we handle than there was before we came into the field."

## SPECIAL MEETING TO DECIDE BRIDGE ISSUE

With the aldermen divided on the question, and the progress of the bridge negotiations meanwhile blocked, Mayor Porter yesterday afternoon called a special meeting of the City Council for this afternoon to decide definitely whether City Engineer F. M. Preston should go to Montreal to confer with Canadian Pacific Railway heads on the Johnson Street bridge plans.

A large section of aldermen—probably a majority—have resigned themselves to the plan to send Mr. Preston East. This action, they feel, will hasten the bridge negotiations more than would the arrival of a C. P. R. engineer here. If a railway engineer came here, they are informed, he would not be vested with sufficient authority to allow him to approve the bridge plans, whereas if Mr. Preston went East, they claim, he would be given full power to settle the matters in question as they are purely of a technical nature.

## TO OPEN DANCING ACADEMY IN CITY

Miss Lorraine is about to re-open her popular dancing academy at the corner of Pandora Avenue and Blanshard Street. It is expected that the establishment will be a mecca for dancers during the coming winter. Miss Lorraine has been fortunate in securing the services of Hunt's capable orchestra for her dances. Public dances will be held at the academy every Saturday evening commencing to-morrow night.

## SAY SHORTAGES DO NOT AFFECT CITY

City officials to-day declared, in reference to a remark made by Mayor Porter at the City Council meeting Monday night, that the city had never lost a cent by alleged shortages in cash in the Waterworks Department. Any shortages in cash that have occurred through mistakes, they stated, had been made up by the official in charge. It was impossible, they said, for any cashier to avoid shortages occasionally, but never had the city lost anything as a result of such errors.

As a matter of fact, Mayor Porter

## Either way ends every corn

Use Blue-jay as you like best. Apply liquid Blue-jay from a bottle, or use the Blue-jay plaster.

The effects on the corn are identical. The pain stops. And the entire corn quickly loosens and comes out.

Blue-jay now is ending some two million corns a month.

It has so reduced corn troubles that most folks never have them.

It will end them all when all folks know about it.

The Blue-jay method is easy, gentle, sure.

It is scientific—the creation of a world-famed laboratory.

For your own sake, stop paring corns. Cease the old, harsh, inefficient methods.

Learn what millions know—that corns are folly, the pain is needless. Anybody can be kept forever free from corns with Blue-jay.

Prove this tonight. Buy Blue-jay from your druggist.

## Victoria Will Defend Mann Cup on the Field

Ed Christopher Says Mainland Clubs Have No Right to Try and Take Cup From Capitals; If Westminster Wants to Play a Series Victoria Is Ready For Fray.

"Victoria refuses absolutely to hand over the Mann Cup to any Mainland club until it has been fairly won on the field. We made this clear to the Vancouver and New Westminster clubs when we dropped out of the Pacific Coast Amateur Lacrosse League and we still adhere to our point. C. D. Peele, president of the Royals, visited me a few days ago and wanted me to hand him the cup, but I sent him back without it."

This statement was made this morning by Ed Christopher, one of the local lacrosse officials and until Victoria's withdrawal from the P. C. A. L. A. the president of that body.

"We do not wish to appear hogtied in this matter," continued Ed, "but we certainly will not let the Mainland clubs slip anything over on us. In case the public does not clearly understand our point I would like to lay the matter before it."

### Why Victoria Dropped Out.

"Victoria was forced to drop out of the league for financial reasons only. If we had continued the season, we would have been \$600 in the hole. Before the club withdrew we made strong representations to Vancouver and New Westminster for support, but they refused it. Victoria was forced to make two trips to the Mainland for each trip made here by the Westminster and Vancouver clubs. The cost of transportation and hotel accommodation was found so heavy that we could not make the grade, and appealed to the Mainland clubs to lessen our burden. They contended, however, that we would have to stand by the schedule. We refused and withdrew."

"Our contention is that the Main-

land and Island lacrosse clubs should play in separate leagues and then the winners meet for the British Columbia championship with which would go the world honors. We formed an Island League with Sidney and consider that the Mainland League should consist of Vancouver and New Westminster. The latter has won that series, and we have defeated Sidney twice. We are quite prepared to play New Westminster in a series for the Mann Cup."

**Misrepresented.**  
"The big trouble is that the Mainland clubs are misrepresenting our reasons for dropping out of the league. They have made it appear that we could not field a team. This is entirely erroneous. It was simply a financial impossibility for us to remain."

"We went to great expense to win and maintain the cup. Last year the Victoria team journeyed to Winnipeg and played and defeated handsily the best lacrosse teams in Canada. As a result of our efforts we do not feel disposed to hand over the cup until it has been won on the field of play."

**Look For Squabble.**  
As a result of the stand taken by Victoria officials it is expected that a gentle little squabble will be hatched before long. The Westminster Club intends to appeal to the president of the Canadian Lacrosse Association. Westminster is anxious to have the St. Simon's, of Toronto, winners of the Ontario Amateur Lacrosse League, come to the coast to play for the Mann Cup. A. L. A. Next Summer an Island League will be formed when it is hoped that half a dozen senior teams will enter.

## DETERMINE CRICKET CHAMPS TO-MORROW

Five's C's and Incogs Will Battle For City Championship

Finals will be written on the cricket season to-morrow afternoon when the Five's C's and Incogs struggle at the Jubilee Hospital Grounds for the city championship. As a result of the season's play these two teams tied for first place and arrangements were made for a play-off. This unfortunately had to be postponed several weeks owing to the cricket tournament.

This match is expected to be evenly-contested. Play will commence at 1:30 o'clock in order to allow for the full playing time.

**The Teams.**  
The teams will be as follows:  
Incogs—J. Wenman, R. Wenman, Major Taylor, F. A. Sparks, P. H. Allen, C. C. Tunnard, E. Verrill, A. G. Tracey, H. F. Hewett, F. C. Sealey and G. Matthews.  
Five's C's—Edwards, Wilkinson, Sutton, Penderay, Knapman, Hinkles, Capt. Sharp, E. Quantin, Winslow, Gibson and Booth.

Tea will be served on the ground by the ladies of the Five's C's club.

## SEVERAL UPSETS IN YESTERDAY'S GOLF

Roalyn, N. Y., Sept. 10.—The United States amateur golf champion and former champion were eliminated in yesterday's round of the National Amateur Golf tournament. S. Davidson Herrin, of Pittsburgh, lost his title when he was defeated 2 and 1 by J. Wood Platt, of Philadelphia, whom he put out in last year's tournament at Oakmont.

Robert A. Gardner, of Chicago, former champion, was eliminated by another ex-champion, W. C. Fowles, Jr., of Pittsburgh. The score was also 2 and 1. Two matches to-day went to extra holes. Charles Evans, Jr., of Chicago, defeated R. M. Lewis, of Greenwich, Conn., at the 41st hole and Edward P. Allis, of Milwaukee, won from Oswald Kirkby, of Englewood, N. J., at the 39th.

Thomas B. Armour, of Scotland, amateur golf champion of France, was eliminated to-day as a contender for the United States amateur title by Francis Oulmet, of Boston, 5 and 4.

## STECHER AND ZBYSKO TO WRESTLE ON SEPT. 15

Montreal, Sept. 10.—The long-deferred match between Joe Stecher, world's heavyweight wrestling champion, and Wladet Zbyzsko, one of his most formidable rivals, is announced to be held in the Mount Royal Arena on September 15. The signatures of the two wrestlers were received to-day.

Stecher and Zbyzsko were matched to wrestle here in May last, but the match was first postponed and then cancelled, as a result of shoulder trouble developed by Stecher. The big fellow has been resting up the greater part of the summer on his farm in Nebraska, and is now reported to be in fine condition and ready to defend his honors. Zbyzsko has been summering on the Maine coast.

## MISS TORONTO WINS GOLD CHALLENGE CUP

Summer home at Curtis Point to-morrow evening to celebrate the victory of Miss Audrey Griffin, of the V. I. A. A., in the Times long distance swim, and the winning of the R. C. and V. I. water polo championships by the Victoria Water Polo Club. All the members of the V. I. A. A., Y. M. C. A. Swimming Club, and Victoria Water Polo Club are invited to be present. The music for the dance will be supplied by the V. I. A. A. orchestra composed of Mrs. N. Kennedy, Jas. Corlie, and Teddy Holder.

## WALT JOHNSON'S ARM IS JUST ABOUT DONE

Washington, Sept. 10.—Walter Johnson, smoke screen star, leader of the pitching profession for a decade, has gone back to his farm in Kansas to rest his \$1,000,000 arm. Johnson had spent all season trying to get his salary wing into shape. He visited a bone-setter at Rochester, N.Y., and was found, according to reliable reports, fit to engage the best batters in the league.

After his Rochester visit, Johnson pitched the first no-hit, no-run game of his career, but since that time has not been able to blind the batters with his speed. Whether the great pitcher ever will be as effective as he was previous to this year remains for the future to answer. Clark Griffith, manager of the Washington team, believes a rest will do him more good than trying to get into condition during the latter part of the race with his team hopelessly out of the running.

## VARDON AND RAY WIN ANOTHER GAME

Chattanooga, Tenn., Sept. 10.—Harry Vardon and Edward Ray defeated Douglas Edgar, of Atlanta, Canadian open champion, and Jim McKensie, Chattanooga, in a 36-hole golf match here yesterday, one up.

## BELGIAN RIDER WINS

Antwerp, Sept. 10.—The equestrian events in the Olympic Games were continued to-day with a riding test over twenty kilometers of road followed by a steeplechase of 4,000 meters. The first part of the race had to be completed in one hour. It resulted in Lieut. Missions, Belgium, winning first place in 55 minutes 3 seconds. Captain Desartignes, representing France, was second in 56 minutes 29 seconds, and Lieut. Bouvalet, Belgium, third, in 57 minutes 3 seconds.

## VANCOUVER RUGBY PLAYERS ORGANIZE

Dick Bell-Irving is President—Four Teams to Play in City League

Vancouver, Sept. 10.—Rugby for the season of 1920-21 as far as Vancouver is concerned, got well under way last night at the annual meeting of the Vancouver Rugby Union. Dick Bell-Irving, who will not play on the Rowing Club fifteen this year, was unanimously elected president. The other officers elected are as follows: Honorary president, Col. C. A. Worsnop; hon. vice-president, A. Gardner Johnson; vice-presidents, Deputy Chief Thompson, R. F. Woodward, J. L. Gunn, Art Lord, Jack Pattison; hon. secretary, T. C. Patterson; hon. treasurer, Hal Wade.

Four teams will probably be entered in the senior division this year. The Varsity, Centrals and the Rowing Club are the teams left over from last season who will start again this year, together with Welsh, who have many of the firemen of last year on their roster.

ROYAL VICTORIA

Hiding in the steerage disguised as immigrants, Bertie Nordstrom, known as "The Yellow Typhoon," and an enemy agent watch their opportunity to get possession of valuable government documents being brought to America by a young naval officer from the Orient in "The Yellow Typhoon," the first National picture starring Anita Stewart, to be shown at the Royal Victoria Theatre again to-day. Ramsacking the officer's cabin they fail to find the papers, little dreaming that the parrot they saw in his room was

standing guard over them. On the same ship, Bertie Nordstrom, twin sister of the "yellow typhoon," her mission was a secret service operative being to guard the bearer of these important documents, which had already caused the assassination of one man. Because of the resemblance, the officer suspects that Hilda is the yellow typhoon, believing she has dyed her hair.

## VARIETY

A story of the great outdoors in "The Valley of Doubt," which will be at the Variety Theatre to-day. It is said that perhaps no other picture has had so exclusively an open air setting. The action takes place in the Far North. The filming was done in the woods of Northern Maine, under the direction of Burton George, who has a reputation for accuracy and artistic photography. The winter scenery is said to be second to none so far used in pictures, and the story is vigorous and full of convincing episodes. Arline Pretty is cast for the heroine, and Thurston Hall plays the part of young Jules Bonnaville, a French-Canadian. William Davidson, as Macy, is a convincing "heavy."

## COLUMBIA

How would you like to step up to the ticket office in your home-town railroad station and have the keen eyes of William S. Hart, the famous screen star, look out at you through the grating and hear the "two-gun man" ask, "Where to and how many, please?" Bill tries station-agenting for a while in his new picture "Sand," which is at the Columbia Theatre again to-day, but he gets in a mix-up over a certain cracked safe with the local "bad man," and, since the latter is a big power with Hart's boss, the new agent is fired. But Bill doesn't mind it a bit, and goes back to his old game of cow-punching. There he has some exciting adventures, not to speak of a delightful little love affair, and in the end is able to show up his enemy and win the girl. The finale is a daring express train hold-up, said to be striking in its realism.

## ROMANO

Independent of its heart interest, splendor of production, beauty of scenes, and artistic finish, "Fires of Faith," a superb Paramount picture, which will be shown at the Romano Theatre again to-day, has a cast of exceptional power. Eugene O'Brien, Ruby de Remer and Catherine Calvert appear in three of the leading roles. The story deals with a young woman who descends into the slums and who is reclaimed to become a Salvation Army worker in France. Eugene O'Brien is seen as an aviator who, after scoffing the Salvations, learns their real worth and becomes one himself. The narrative is a thrilling one and the love interest is most captivating. Theodore Roberts, Herbert Standing, Edythe Chapman, Charles Ogle, Pat Moore, George Andersen, Lucille Ward and others are in the cast.

## PANTAGES

In "Kochill," a dance drama inspired by an ancient Celtic legend, which is being played by the Denishawn Dancers at Pantages this week, Ted Shawn, pioneer exponent of a native American art, has produced the first real native ballet, a creation based on the primitive civilization of Mexico. Dancing is featured in more than one act this week, and a variety of terpsichorean achievements are to be witnessed in the offering of Stead's Syncopated Septette, in which a wide range of music is also to be heard. Then there is more dancing in the act by Mack & Williams, whose stair case dance stunt is a real sensation. "Circus Days" is a laughable sketch offered by Gus Elmore and Esther. Fifteen minutes of entertaining minstrelsy is furnished by Howard and Fields, and Jarrow does some sleight of hand that is truly remarkable.

The seventh item is another episode in "Trilled by Three," Pathé serial.

## "ROBIN HOOD" NEXT WEEK.

Inquiry as to prevailing opinion regarding the coming of "Robin Hood" reveals a wide knowledge of the famous comic opera.

A music lover in discussing it recently said:—

"Robin Hood" is a real joy to a music lover. Every moment the curtain is up brings genuine pleasure, for there is not a dull spot in De Koven's masterpiece. I shall never forget Jessie Bartels Davis's singing of "St. Swithen's Chimes" in the last act, accompanied by the large chorus and the pealing chimes, the scene being the central square in medieval town of Nottingham. Not less appealing was the "Armourer's Song" sung at the flaming forge by the big swarthy blacksmith, to the clang of the ringing anvil. Nothing more picturesque can be imagined than the scene in beautiful Sherwood forest, where the entire chorus appear as outlaws, archers, and join with "Little John" in "Brown October Ale," a superb number. The fantastically costumed archers, the multi-colored autumnal foliage and the primitive landscape, all lighted by thousands of delicately tinted high power lights, form a scene long to be remembered.

The Dunbar Opera Company will sing "Robin Hood" week of Monday, September 13, for two nights, at the Royal Victoria Theatre.

## FAMOUS SYMPHONY ORCHESTRA COMING

Minneapolis Aggregate With Florence Macbeth Soprano at Arena This Month

Music lovers of this city are looking forward with the highest anticipation of pleasure and interest to the approaching visit of the Minneapolis Symphony Orchestra which is to appear at the Willow's Arena on September 28, under the local management of George J. Dyke.

The orchestra will be under the leadership of Emil Oberhoffer, known as the "Poet Conductor" and acknowledged by the leading critics of the country as one of the foremost musical directors in America. That Minneapolis is fully awake to this and the orchestra's worth to the community, is shown by the size of the guarantee fund annually subscribed by the citizens of that progressive city, the amount having grown from \$10,000 when the orchestra was organized seventeen years ago to \$125,000 at the present time. Of this amount the guarantors are called upon to pay from 60 to 80 per cent annually and the fact that the guarantee list shows no changes during the last seventeen years except in its increase of the number of names proves that its supporters consider the investment a paying one. The individual guarantors vary from \$50 to \$1,000 and carry no privileges, such as free tickets, each guarantor paying for his season tickets to the regular series of concerts the same as other subscribers.

The personnel of the Orchestra, like that of the other important orchestras in the United States, is extremely international in the personality of its musicians and while originally they came from all parts of the world, a condition of their acceptance in the organization is that they be naturalized American citizens. Fully 90 per cent of them, attracted by the spell of Mr. Oberhoffer's personality and great musical ability, and the charm of Minneapolis as a place to reside, have made Minneapolis their home, their earnings adding to the prosperity of the community at large.

The forthcoming visit of Mr. Oberhoffer and his Orchestra will be their first to this city, and the concert will be one of the biggest musical events of recent years. The orchestra will be assisted by Florence Macbeth, the well-known soprano.

## GETTING CLOSE TO IT.

"Has he proposed to you yet?"  
"No, mother, but I think he's going to. He spent most all of last evening wondering if rents are likely to come down soon."

The Biggest Value in Popular Priced Tailored-to-Measure Suits and Overcoats in the British Empire

# Be Prepared Even Though It's Hot To-day—You Will Profit By Ordering Your Fall Clothes Tailored-to-Measure Now

THE truth about the men's clothing situation.

Men's clothes for fall, according to every indication, will be higher than ever. Wage scales are going up, production is under, materials are away up. There is no price cuts in sight. An unusual condition imposed upon the retailer and manufacturer caused them to take big losses during the temporary reduction period.

Why? Every High Priced Merchant was stocked up, sales were backward, the banks demanded money; so did the manufacturers. The result: these merchants had to cut prices, unload at a loss, to pay their notes.

Prices dropped, retailers cancelled orders wholesale, the manufacturer was overburdened and he also cut—but this fall—only higher prices are in sight.

We have provided well for our customers, who have decided to order clothes Tailored-to-Measure now, in our advance display of Fall weight fabrics, which are specially arranged for your selection at our Known No Tax Standardized Prices.

## News of Markets and Finance

## STEADY CLOSE FOR NEW YORK STOCKS

(By Burdick Brothers, Ltd.)

New York, Sept. 10.—Action of the market to-day distinctly gratifying to those maintaining an air of confidence with respect to future trend of values. In certain groups, like the chemicals, oils and other specialties, pronounced price betterment was recorded. Better outlook in the Mexican Oil shares and the American Smelting and Refining stock of late. Talk of an early segregation of coal properties by the D. L. & W. is reported for the advancing tendency in this particular stock. It is believed that the heavy Central, after the D. L. & W. plan is made known, will pursue a similar course and this in turn followed by the Reading Company on matters of segregation. The outstanding issue to-day was the slight recession in the call money rates in the late afternoon. Reports from France indicate that shipment of wheat was the light recession in the call money rates in the late afternoon. Reports from France indicate that shipment of wheat was the light recession in the call money rates in the late afternoon.

## LOWER CLOSE IN CHICAGO CORN

(By Burdick Brothers, Ltd.)

Chicago, Sept. 10.—Corn showed an over-bought condition and the whole day was devoted to digesting a good volume of liquidating sales. News in general, aside from the excessive rains and frost of the past week, took on a decidedly bearish color. Demand for cash corn sluggish, and although receipts were small prices were quoted 2 to 3 cents lower.

## TEACHING EAST AFRICANS TO LOOK TO BETTER DAYS

Officer of Political Service on Visit to Victoria; Tanganyika Protectorate

The problems besetting the British administration in East Africa, in the protectorate now known as Tanganyika, formerly German East Africa, in bringing the standard of administration in that country up to that of British East Africa, now known as the Kenya Colony, were told to The Times last evening by H. E. Evans, of the East African Political Service, who is staying at the Empress Hotel.

Mr. Evans has spent a number of years in various sections of the country, from the Somali border through to the southern confines of the newly occupied protectorate.

### Proof of a Proverb.

"When the elephants fight, then is the grass trampled," is an East African native proverb, says Mr. Evans, and that condition particularly describes the situation of the natives during the years of warfare in that section of the world during which Mr. Evans held the rank of major. The Germans used bearers from the first, but the British troops were expected to rely on motor transport in a country unfitted for its expeditious utilization. Eventually the British had to adopt the native method of bearers, and impressed the natives into service as bearers. For a long period the arrangements were very crude, and it was months before proper transportation and commissariat could be organized. As the bearers had to carry his food as well as baggage, he is limited to a 40-day march, so this problem has kept back the country to a large extent.

The natives, Mr. Evans says, have to be taught the changed conditions, to be educated away from the German method of doing things into the Colonial office plan of development to give them an interest in life, and some prospects for a future. The methods of administration adopted in the British territories are being adopted in Tanganyika, and in a few years better results are expected.

### The Protectorate.

Tanganyika, he stated, is a country of lowland plains, with one or two upland plateaus like British East Africa, but not so large in extent. The cultivation of rubber and cotton is the chief industries, with cocoa, ivory, sisal hemp and similar commodities among the chief exports.

The country is at present served by two lines of railway, which parallel the British East Africa protectorate line, and serve a fair section of the country, although a large portion is yet practically inaccessible except by long journeys by bearers through fever infested districts.

Development by the Germans has been concentrated in some spots, and there is much uncultivated land. Mr. Evans points out. He says that with cheap labor properly applied there is a great future before the country.

Mr. Evans is on his way to San Francisco to sail for the Orient shortly.
